

MRO & DME User Update

MedCo Charging Policy – 8th March 2017

Dear Users,

As notified in January, MRO renewal fees for April 2017 - March 2018 inclusive have been abated by 23% reflecting MedCo's 2015 operating surplus. The abated annual subscription fees for High Volume National MROs will be £57,500.00+VAT and for Regional Based MROs £11,500.00+VAT. The annual subscription fee for DMEs remains unchanged at £150.00+VAT.

The abated fees only apply to renewals. Therefore, all new Regional Based MRO applicants to MedCo will be subject to the non-abated subscription fee of £15,000.00+VAT.

An existing Regional Based MRO that is successful in its application to move to become a High Volume National MRO will be subject to payment of the full non-abated fee of £75,000.00+VAT and will be reimbursed pro-rata for any remaining Regional Based MRO fee already paid.
